SUBJECT: CalWORKs FAMILY PLANNING INFORMATION PROJECT
LOCAL LIST OF FAMILY PLANNING SERVICES AND POSTER

The purpose of this notice is to introduce the Local List of Family Planning Services developed by the CalWORKs Family Planning Information Project. This product will provide welfare recipients with current addresses and telephone numbers of local family planning services providers and a listing of the types of services available in their area. The list will be customized for each county to include current local information and will be updated semiannually. The list will be available in a one-page version or a folded brochure version and will be provided in both English and Spanish. A poster will accompany the lists to highlight their availability. Sample copies of the list and the poster are attached.

Development and distribution of the customized lists for each county will be implemented in phases beginning in January 1998. An implementation schedule is attached. Counties that wish to participate sooner than scheduled should contact the number below. Counties will be contacted as their implementation date approaches. Staff will verify the names and addresses of the local clinics in that area, produce a customized list and drop ship an initial supply to the county. Counties are encouraged to distribute the local lists to CalWORKs recipients in whatever way counties deem will best meet the needs of the recipients.

If you have any questions or comments, please contact Cindy Stone, Work Support Services & Teen Programs Bureau, by phone at (916) 653-5961.

Sincerely,

CURTIS HOWARD
Assistant Deputy Director
Welfare to Work Division
